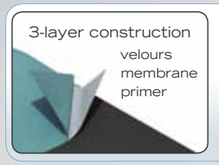
DYNAFIT trusts in the outstanding technology of POMOCA.

SKINS

PATENT (PENDING)

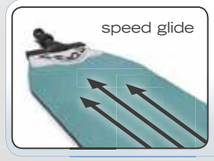
Patented clamp system:
Skins + Skis = One ultra-lightweight unit
Also, keeps out snow, and rubber clamps
easily replaced



Three-layer structure:
Regular Skins = Fur + Support material
DYNAFIT Skins =
Fur + Membrane + Support material =
A real difference

Waterproof:
Membrane = Water Barrier =
Keeps water out, so adhesive stays on

Anti Stick:
Membrane + Water-repellent treatment =
less snow build-up



Speed Glide:
Special finish = First-rate glide

Snow Leopard Grip:
Careful material choices + Finish =
Excellent gliding/climbing balance,
and great abrasion resistance
