

GEAR LINE™

Organization System

Whether you're organizing your tent, garage, closet or rec room, our hang-anywhere, hang-anything Gear Line will keep your tools, sporting gear, pet collars, clothing, and accessories of all kinds lined up and tidy. And it's so colorful and smart, it almost makes the job fun.

Made of high quality, wear-resistant webbing, the Gear Line Organization System features sturdy S-Biner® double-gated carabiner clips in alternating sizes, each attached to its own individual sturdy loop, along with Gear Tie® Reusable Twist Ties on each end. Just attach whatever tools, gear, gadgets, or clothing you want to each S-Biner and hang the Gear Line to any hook or knob - wherever it will be most convenient. Go vertical when you want to maximize storage and save wall space. Hang horizontally to keep things easily accessible at eye level or quickly dry out gear. Each S-Biner clips securely closed and unclips easily for fast, convenient attachment and detachment, and can easily be interchanged.

- + Use Gear Lines in the garage, on the boat, in the home, camping and in countless other places where things need to be secured and organized.
